First, energy can't be created or destroyed...
....only transformed.
Second, energy is in constant flux...
...and you need more energy just to control that flux...
Chaos is the universe's natural state.

Third...I think it's impossible to fully drain the energy of something to zero....

...CUZ UMM...

ENERGY IS IN FLUX AND WOULD NATURALLY FILL THE VOID?

BUT THAT'S NOT 100% I THINK... ALSO APPARENTLY THE FIRST LAW MIGHT NOT BE TRUE ON THE QUANTUM LEVEL....

AND THERE'S APPARENTLY A ZERO-TH LAW?

YEAH...UMM.. SO LIKE THE WELL IS A CONVERGENCE POINT...
AAAND THAT MEANS UNDER THE RIGHT CONDITIONS, IT CAN TAP INTO A TON OF POWER AND STUFF...
?

SO LIKE... WHEN IT'S GOT ENOUGH POWER, THE GLYPH ACTIVATES AND THAT CREATES THE PORTAL.
.....
AND I THINK WE NEED A FULL MOON FOR THAT...
WHICH UH.... WAS TWO NIGHTS AGO...
YEEEAH...WE MIGHT BE STRANDED ANOTHER MONTH.
